# 1 Added button to view Smart Camera device information in one screen in Topbar

If there are two or more Smart Camera devices in one home, Topbar will show the button for viewing Smart Camera device information in one screen. By adding this button in the Topbar, user can access the function in one click, improving using experience.

#### Figure 1: img

# 2 Show guidance when connecting Smart Cameradevices

When user adds a second Smart Camera device at home, this guidance will appear in home page. (It will only appear one time.)

#### Figure 2: img

# 3 Supported camera configuration guide map can be customized

The QR code scanning and pairing supports the [Scan QR Code with Camera] page.
